Use Cases:

Activity: Login

Actors: Customer, Merchant, Database

Activity: Add to Cart

Actors: Customer, Local Memory

Activity: Feedback

Actors: Customer, Merchant, Developers

Activity: Search, Filter, Sort Products

Actors: Customer

Activity: Payment

Actors: Customer, Bank

Activity : Cancel order

Actors: Customer, Database, Merchant

Activity: Reorder

Actors : Customer, Database

Activity : Share app to friends

Actors : Customer

Activity : Mark order as favorite

Actors : Customer, Local Memory

Activity : Schedule delivery

Actors: Customer, Database

Activity : Accept/Reject Orders

Actors : Merchant, Database

Activity : Access to daily sales and analytics.

Actors : Merchant

Activity: Add/Remove Products

Actors: Merchant, Database

Activity : Close/ Open online shop

Actors : Merchant, Database

Activity : Add bank account details

Actors : Merchant, Database
